OFFICE OF LEGISLATIVE COUNSEL

Thursday - 29 July 1965

25X1 1. [] Mr. Ernest C. Baynard, Staff Administrator, Subcommittee on Government Activities of the House Committee on Government Operations, stated that in connection with H.R. 4845 on ADP, he has made sure that the Agency will not be compromised in any way in the hearings that will be printed by the Committee in the near future. Mr. Baynard stated that since the ADP bill is a Johnson bill, he expects that it will reach the floor of the House in four or five weeks.

25X1 2. [] Talked with Congressman John E. Fogarty (D., R.I.) who indicated one [] has again been in touch 25X1 with his office attempting to volunteer his services to CIA or other intelligence-related functions. Fogarty stressed that he did not want to push this case and did not quite remember our previous contacts with him on this. After checking on the matter, I advised his office that we had discussed this case thoroughly in November of 1961 indicating that we had no need for his services as much of his experience went back to World War II days and the problem is further complicated by the fact that he is an Australian citizen. This seemed to be sufficient for the Congressman's purposes.

25X1 3. [] Mr. Robert Michaels, Staff Assistant, CIA Subcommittee of House Appropriations, called to say that the briefing scheduled for tomorrow morning was being cancelled. It will be set up for some time next week with no definite time or date as yet.
